

Residential Electric Heat Pump Water Heater Rebate Program

Incentive type: Residential Heat Pump Water Heater Rebate Program – Residential Conservation Service

Eligible Technology: Energy Star Qualified electric fuel source heat pump water heaters with an Energy Factor of 2.3 or greater.

Applicable Sector: Residential – Primary Residence Only. Not open to builders.

Incentive Amount: Account credit of 50% of the project cost up to \$750.

Maximum Incentive: \$750 per customer, per calendar year

Program Budget: Limited and capped

Restrictions: Only installations for HLPD residential customers in their primary residence serviced by the Hudson Light and Power Department. Subject to applicable restrictions in the HLPD Rate Schedules and prior agreements. The deadline to apply for a purchase made during the calendar year is the last working day of January in the following calendar year.

Summary: HLPD offers residential customers financial incentives to replace inefficient water heating products with energy saving products. Customers will be required to provide the original receipt showing price, proof of installation in the customer's primary residence serviced by the HLPD and Model Name and Number matching a heat pump water heater with an electric fuel source and an Energy Factor of 2.3 or greater listed on the Energy Star certified list.

Contact: HLPD Customer Service, 49 Forest Avenue, Hudson, MA 01749.

Phone: (978) 568-8736

Website: www.hudsonlight.com

HLPD reserves the right to modify or terminate this program without prior notice. Check with HLPD on the program status and availability of funds.
